International Email Classroom Connections

<http://www.iecc.org>

Share your gift with the world:

1. Give three pieces of yarn or lanyard to each student.
Tie the string at one end to get your students started.
2. Show students how to braid the material to create a friendship bracelet.
3. Have each student pick a pen pal. Tell them an interesting fact about the pen pal's country!
4. Ask each student to create a letter to his or her pen pal. Discuss ideas for what they could write about.
5. Gather up all the letters and have each student mail their letter and friendship bracelet.
6. Keep the cultural connection going all year with monthly pen pal letters!
