

Meet T.C.!

T.C. is a cool kid and a Secret Agent. His friend is sick. T.C. thinks he has the flu. But, he isn't sure. R U A Flu Detective? Can you help T.C. help his friend feel better?
(Read aloud to the group, introduce them to T.C. and start your health hunt!)

Hey, Secret Agents,

Welcome to my Health Hunt!

Your mission, should you choose to accept it, is to help me find out why my friend is sick.

What you can do to help:

- 1. Divide into teams of 5. Please have 1 chaperone for every 5 students.**
- 2. Read my clues to lead you around the store.**
- 3. Find the answers by going to the right spot in the store.**
- 4. Record your answers on the Secret Agent Map.**
- 5. After finding all the answers, head back to the Take Care Clinic to “crack the case” and get your reward!**

The team with the most answers correct at the end is the winner!
Let's go!

Please Return Clue Cards To Take Care Clinic
