Vegetable

It's the Colorful World of Vegetables!

Vegetables are very colorful and each color is good for you! Become more familiar with the colorful produce that you have in your local grocery store. Find 2 vegetables that are yellow, red and purple. Write down the vegetables in the appropriate sections below.

Red

Yellow

Purple

Weight! You are almost done!

Some of the produce you buy at the store is priced according to weight. Your task is to help your family stay on budget and figure out how much you will be paying for each item based on its weight.

Your Item:

Price Per Pound:

Item's Weight:

Total:

Example: Apple

Example: \$0.89

Example: 2 pounds

Example: \$1.78
